Dear Parents,

Your child's school is now using ClassLink, a single sign-on platform that will allow teachers and students to use one username and password to access everything they need. Single sign-on is an essential tool for productive remote learning and ClassLink will serve as your child's homebase for education, whether it's in the classroom or on the couch at home.

ClassLink can be accessed from either a computer or mobile device. Please follow the directions below to get started:
DESKTOP

1 Go to launchpad.classlink.com/tcswv

2 Enter your login username (first part of your K12 Email before the @ symbol) and password.

K-1 students will be provided Quick Cards later this school year.

MOBILE

1 On school issued iPads, click on the ClassLink app.

2 Search for Taylor County Schools, WV and choose your school district (first time only)

3 Enter your login username and password or click the QR button to use the QuickCard (access for K-1 students).

ClassLink is a safe and secure way to ensure your child has access to everything needed for continued learning. We want you to know our software never collects or shares any personal student information. Read more about our commitment to privacy on the Classlink.com website.

If you have questions, visit our FAQ for home users, or you can contact the school tech support team or email ClassLink directly: helpdesk@classlink.com.
